REMARKS

The above amendments eliminate added matter which the Examiner stated
constituted new matter. In addition, the amendments merely cancel claims and amend
claims to depend from an allowed claim. Thus, Applicants respectfully request entry of the
above amendments and reconsideration of the amended application.

The Examiner has indicated in a communication dated October 21, 1996, that claim
5 is allowable over the prior art. Applicants have now amended claims 3, 4, 6, 7 and 11 to
depend from allowed claim 5. Therefore, Applicants respectfully urge that claims 3-7 and
11 are now in condition for allowance.

The specification and claims 8-11 were rejected under 35 U.S.C. §112, first paragraph for the introduction of new matter as a result of use of the phrase "including vehicle identification data" in amended claim 8. Applicants have canceled claims 8-10 and amended claim 11 to depend from claim 5. In addition, claims 1 and 2 have been canceled. Thus, Applicants respectfully submit that the specification does not contain any new matter.

CONCLUSION

Entry of the amendment and reconsideration of the application as amended is respectfully requested. In view of the above, Applicants respectfully submit that claims 3-7 and 11, as amended, and are not anticipated or obvious over the prior art. Therefore, early allowance is earnestly requested.

The Examiner is invited to contact the undersigned at (202)429-1776 to discuss any matter concerning this application.
